Students are expected to be in class for the entire duration of the class period. If you cannot attend the entire class, please let me know **before** the class your reason for leaving early or arriving late.

### Cell Phones and Laptops

Cell phones must be turned off or set to 'silent mode' and not be used for texting or emailing during class. In case of an emergency where you must take a call, please step outside the classroom for the call.

Laptop computers are to be used only for class activities approved by the instructor. The laptop should not be used for watching videos, doing emails, web browsing or doing homework for another class.

### Assignments Due

All assignments are due on the dates communicated by the instructor. **Late assignments will incur a penalty deduction of 50% immediately after the due date.**

All assignments must be submitted on Canva, unless otherwise instructed by the instructor. No email assignments will be accepted. The Canva time-stamp will be used to determine whether the assignment was submitted on time. In case of an absence, the assignment must be submitted prior to your absence.

There will be no assignment re-do allowed. Come see me during office hours *before* the assignment due date if you need extra help on completing the assignments.

### Exams and Quizzes

### Written Assignments and Oral Presentations

In this course, as in the business world, the quality and professionalism of the written and presented work are important. Written assignments with substantial grammar, spelling, or word-choice errors will suffer. The level of formality of writing and presentation should be business-appropriate; slang or vernacular expressions are to be avoided.

Written assignments will be graded using the *SNC Common Rubric for Written Communication*. Oral presentations will be graded using the *SNC Common Rubric for Oral Communication*. Students for whom English is a second language or who require accommodations based on documented need should see the instructor.

### PEPR

PEPR (Psychology Experiment Participation Record) will not be accepted for extra credit.

## Prim Library Resources

Using the library's resources effectively (not just Internet resources) contributes to developing each of SNC's core themes by exposing students to high quality academic resources, diverse opinions, new ideas, and a future that includes building on a liberal arts education.

## THE HONOR CODE

The faculty of SNC believes students must be held to high standards of integrity in all aspects of college life in order to promote the educational mission of the College and to encourage respect for the rights of others. Each student brings to the SNC community unique skills, talents, values and experiences which, when expressed within the community, contribute to the quality of the educational environment and the growth and development of the individual. Students share with members of the faculty, administration and staff the responsibility for creating and maintaining an environment conducive to learning and personal development, where actions are guided by mutual respect, integrity, responsibility and trust. The faculty and students alike must make diligent efforts to ensure high standards are upheld by their colleagues and peers as well as themselves. Therefore, faculty and students accept responsibility for maintaining these standards at Sierra Nevada College and are obligated to comply with its regulations and procedures, which they are expected to read and understand.

### Consequences of Violating the Student Honor Code

SNC students and faculty share the responsibility for maintaining an environment of academic honesty. Thus, all are responsible for knowing and abiding by the SNC Faculty/Student Honor Code published in the current SNC Catalog. Faculty are responsible for presenting the Honor Code and the consequences of violating it to students at the start of their classes AND for reporting all incidences of academic dishonesty to the Provost. Students are responsible for knowing what constitutes CHEATING, PLAGIARISM and FABRICATION and for refraining from these and other forms of academic dishonesty. Violations of the Honor Code become part of a student's academic record. **1st Offense:** Student receives a zero for assignment/exam and counseling with faculty on the honor code, consequences for violating the honor code, and the value of academic honesty in learning. **2nd Offense:** Student fails course and receives counseling with faculty on the honor code, consequences for violating the honor code, and the value of academic honesty in learning. **3rd Offense:** Student is expelled.

### Special Accommodations (ADA) Statement

In accordance with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973, students with a documented disability are eligible for support services and accommodations. If a student wishes to request an accommodation, please contact the Director of Academic Support Services, Henry Conover, at (775) 831-1314 x7534, [hconover@sierranevada.edu](mailto:hconover@sierranevada.edu) or go to the OASIS offices on the third floor of Prim Library within the first week of the semester.

### The SNC Email System

The SNC email system is the official communication vehicle among students, faculty members and administrative staff and is designed to protect the confidentiality of student information as required by the Family Educational Rights and Privacy Act of 1974 Act (FERPA). Students should check their college email accounts daily during the school year.

Students have a right to forward their SNC e-mail to another e-mail account (for example, @hotmail or @gmail). However, confidentiality of student information protected by FERPA cannot be guaranteed for SNC e-mail forwarded to an outside vendor. Having email redirected does not absolve a student from the responsibilities associated with official communication sent to his or her SNC email account.

### The Sierra Nevada College Mission Statement

Sierra Nevada College graduates will be educated to be scholars of and contributors to a sustainable world. Sierra Nevada College combines the **liberal arts** and **professional preparedness** through an interdisciplinary curriculum that emphasizes **entrepreneurial thinking** and environmental, social, economic and educational **sustainability**.
